Introduction

Budget Overview

Orinda Union School District 2020-21 Budget

Introduction

Financial projections due to the COVID-19 pandemic are reflected in the 2020-21 budget and the two subsequent years 2021-22 and 2022-23.

The May Revise provides a cost-of-living adjustment (COLA) of 2.31% in 2020-21 but it also includes a 10% reduction to the Local Control Funding Formula (LCFF). For the first time since its creation, LCFF is facing a reduction instead of an increase. Unless the federal government can provide sufficient funding to backfill the cut, a deficit will be applied. The deficit to LCFF will continue into the next two years 2021-22 and 2022-23, but LCFF will also be impacted by a zero COLA in both years. The decrease in LCFF revenue along with increased costs to maintain district operations creates a \$2.2M structural deficit in 2020-21 and grows to \$3.5M by fiscal year 2022-23.

In addition to the loss of LCFF revenue, cash deferrals similar to those used during the Great Recession will be imposed without cutting funding. Reducing LCFF cash apportionments from June 2020 to July 2020 and then again in April, May, and June 2021 to July 2021, allows the state to push its cash flow burden down to the district level. Cash reserves may not be enough to assist cash flow if reductions in expenditures are not implemented in the near future. The district may require interfund borrowing to resolve the need for short term cash. During the Great Recession the peak of cash deferrals was 40% of the LCFF apportionment, right now the deferral is projected to be 28% and could increase if the state continues to incur further loss of revenue. With the delay in the personal income tax filing deadline from April to July the final adjustments for the 2020-21 State Budget might not be known until August or September.

Employer costs related to State Teachers' Retirement System (STRS) and Public Employees Retirement System (PERS) were addressed in the May Revise. The increased rates for STRS and PERS were adjusted down by approximately 2% in 2020-21 and 2021-22 to offset some of the impact received from the loss of LCFF revenue. However, increased operational costs in personnel due to step and column absorbed most of the adjustment.

The Orinda Union School District 2020-21 budget is based on the most recent information available from the May Revise and by utilizing the financial recommendations of School Services of California for our two subsequent funding years 2021-22 and 2022-23. Enrollment is projected to remain flat for the budget year and the two subsequent years at 2,568 students and staffing projections will decrease slightly by 1.0 FTE in certificated staff at the middle school.

The budget was developed using the state-adopted Criteria and Standards and includes the expenditures necessary to operate the district. The multi-year projection reflects a positive ending fund balance in 2020-21 with a structural deficit of \$2.2M. In addition to the deficit, the district cannot meet its financial obligations through fiscal years 2021-22 and 2022-23 without immediate expenditure reductions. The COVID-19 pandemic has decimated state revenues and in turn funding for education. The district must engage all stakeholders and work collaboratively to reduce expenditures to remain solvent.

Budget Guidelines

Orinda Union School District
2020-21 Budget

Budget Guidelines

The proposed general fund budget for 2020-21 has been developed based on guidelines established by the Governing Board of the Orinda Union School District.

General Guidelines

1. The budget shall support the District's Mission Statement and Strategic Plan.
2. The District's budget will be developed to ensure compliance with all legal mandates while containing overall cost and minimizing general fund contributions.
3. The budget shall reflect the coordination of funding from federal, state, and local sources as implemented through the comprehensive school plans and the Local Control Accountability Plan (LCAP).

Personnel/Staffing

4. Staffing ratios shall be maintained to comply with current collective bargaining agreements. Both minimum and maximum class sizes will be considered in determining staffing ratios.
5. School site staff positions shall be based initially on projected enrollments. A position control system shall be utilized to budget and manage personnel costs.
6. When staff positions must be reduced due to financial reductions and/or enrollment declines, normal attrition will be used first to eliminate positions.
7. Consistent with the District's priority to attract and retain the highest quality employees, the District will strive to attain a competitive total compensation level both now and in the future.

One-Time Reserves

8. A minimum general fund Reserve for Economic Uncertainties of 3% shall be maintained in accordance with county and state requirements. The District shall maintain an overall reserve of 9% in order to ensure long-term fiscal stability for the school district. (9% = 3% Reserve for Economic Uncertainty + 6% additional one-time reserves).
9. Use "one-time reserves" (general fund unassigned/unappropriated balance) to support short-term strategic efforts and other one-time expenditures.

Programs

10. Programs shall be evaluated on a consistent basis to assess the program's educational benefits, cost effectiveness, and financial impact (short term, long term).
11. As part of the review process for new goals, projects, or programs, a thorough cost benefit analysis, including consideration of competing demands for funding, will be completed and considered in the decision making process and prior to Board of Trustees authorization.

Budget Practices

12. General fund categorical and grant programs, with the exception of Special Education and other unfunded mandates, shall be self-supporting.
13. Unrestricted site discretionary funds that are part of the year-end balance shall be carried forward. Site discretionary funds include allocations for instructional materials and supplies. Statements of justification may be required from program managers for carry-over funds which exceed reasonable levels.
14. Indirect support charges shall be consistently applied to all funds and programs as allowed by state and federal guidelines.
15. Year-end balances for restricted funds and programs shall be carried forward in accordance with the terms and conditions of the program or grant.
16. Provisions shall be made to preserve the use and value of instructional materials, and of existing facilities and equipment through capital improvement and/or preventative maintenance measures.
17. The District shall apply for all ancillary maintenance funds, and state or federal facility renovation funds, when necessary.

Section 3

Budget Assumptions

Orinda Union School District 2020-21 Budget

Budget Assumptions for 2020-21

Budget assumptions are a critical component of comprehensive budget development and budget management. Assumptions for the 2020-21 revenue and expenditure budgets have been made utilizing the most current information. State budget information, bulletins from School Services of California, previous OUSD budget documents, along with staffing and enrollment projections all have been considered in developing the budget.

Revenue Assumptions:

- **8010-8099 – LCFF Funding:** LCFF makes up the largest portion of the district's revenue (61%). Estimates are based on the Governor's May Revise which imposed a 7.92% deficit due COVID-19 and the decrease in state revenues.

Local Control Funding Formula: California's 2013-14 Budget Act approved a new state school funding model that changed the way schools are funded in California. This new method is known as the Local Control Funding Formula (LCFF) and represents a major shift in how California school districts are funded.

Enrollment estimates for 2020-21 are projected to be 2,568 with an average daily attendance calculation of 2,490 using a 3-year average attendance rate of 96.96%.

After the deficit is applied, the 2020-21 LCFF funding is projected to decrease \$1.6M compared to prior year 2019-20. The graph below represents LCFF funding which started in 2013-14. LCFF funding absorbed a majority of categorical funding, compared to revenue limit years when categorical funding was additional revenue to school districts.

Orinda Union School District 2020-21 Budget

- 8100-8299 – Federal Revenue:** Funding from federal programs comprises 1.6% of the district’s revenue budget. Revenue levels will slightly increase \$4,917 due to special education entitlements.

OUSD receives **Federal Revenue** for a variety of restricted uses, the largest being Special Education. Other federal programs include Title II Improving Teacher Quality.

- 8300-8599 – State Revenue:** Funding from state resources is projected to decrease \$88K with a majority of the decrease coming from Lottery. Restricted and unrestricted Lottery represents 1.4% of total district revenue.

State Revenue comprises about 7% of the total district revenue in 2020-21.

- 8600-8799 – Local Revenue:** Local sources of revenue continue to provide necessary support for the Orinda schools which represent 30% of the district budget. The school site Parents’ Clubs and the Educational Foundation of Orinda (EFO) provide funding for important instructional programs and support services. The schools also receive a local parcel tax from the community of Orinda. The parcel tax remains at \$509 per parcel for the fiscal year 2020-21 and is non-sunsetting.

The following graph provides a historical record of the generous support for the Orinda schools from both our parents and community members.

Orinda Union School District 2020-21 Budget

Local revenue comprises 30% of the total district general fund revenue sources. The projected 2020-21 budget for local revenue is \$9,847,958. The table below provides a breakdown of local revenues.

Local Revenue Sources	20-21 Budget	% of Total
Education Foundation of Orinda	\$ 1,150,000	12%
Parents' Clubs	\$ 3,188,041	32%
Parcel Tax	\$ 3,858,533	39%
Special Education - SELPA	\$ 810,521	8%
Other - Interest, I/C, Field Trips	\$ 840,863	9%
Total Local Revenue	\$ 9,847,958	100%

The chart presented below is a breakdown of projected 2020-21 general fund revenues and the percentage by revenue type. Total general fund revenue for 2020-21 is projected to be \$32,184,900.

Orinda Union School District 2020-21 Budget

Expenditure Assumptions:

- 1000-1999 – Certificated Salaries:** Personnel salaries are projected based on the approved salary schedules effective July 1, 2019. Annual step increments and anticipated costs of column movement have been included for all staff eligible for “step and column” increases. Once all approved educational units have been turned in, salary adjustments and budgets will be revised accordingly. Attrition savings is not included in the assumption; any savings will be recognized at First Interim after the staffing has been finalized for 2020-21.

Teacher staffing for 2020-21 is based on projected enrollment of 2,557 (excluding NPS and COE enrollment). The following graph provides historical CALPADS October enrollment since 2015-16. 2020-21 enrollment is revised once the school year begins and at First Interim when the CALPADS student count is certified.

Based on the enrollment projection above and school site staffing to student ratio data, teacher positions are budgeted according to the chart below showing a .50 FTE reduction.

- **3000-3999 – Employee Benefits:** The following rates are used when calculating the employee payroll related cost for the 2020-21 fiscal year.

Statutory Payroll Related Costs	Rate
State Teachers' Retirement System (STRS)	16.15%
Public Employees' Retirement System (PERS)	20.70%
FICA (Social Security)	6.20%
Medicare	1.45%
State Unemployment Insurance (SUI)	0.05%
Workers' Compensation Insurance (WC)	1.5489%

The Governor's May Revise included a decrease to the employer paid portion of STRS by 2.26% and PERS by 1.97% for an estimated reduction in expenditures of \$403,000. The revised costs are included in the budget and in the multi-year projection.

Medical insurance premiums are expected to slightly increase in January 2021. The increase in costs associated with employees who are currently below the health benefit cap have been included in the budget. The medical benefit caps are budgeted as follows: \$1,560/month for certificated staff and \$1,545/month for classified staff.

- **4000-4999 – Books & Supplies:** Budget projections in books and supplies are based upon the anticipated textbook and instructional materials needed for the upcoming budget year and adjusted for the Consumer Price Index (CPI) of 0.62% over the cost of prior year.
- **5000-5999 – Services and Other Operating Expenditures:** Utilities were adjusted for the Consumer Price Index (CPI) of 0.62% and special education, legal and audit contracts have been adjusted to reflect the needs of the district. If necessary, the budget will be modified throughout the year as new data on contracts and services are realized.
- **6000-9999 – Capital Outlay:** No capital outlay is projected at this time.
- **7100-7699 – Other Outgo/Uses:** This budget category is where we annually budget the amount we anticipate to transfer to other school districts for our "out of district" placements for students with special needs. A majority of this budget surrounds the costs associated with our pre-school age students (age 3 to 5). The budget adjustments will be made throughout the year as new placement information becomes available.

The chart presented on the next page is a breakdown of district expenditures by percentage and type. Employee salaries and benefits represent 81% of the total district expenditure budget. The second largest category is services and other operating expenditures. These costs are mostly related to utilities, special education contracts and maintenance repairs and services,

- 7900-7999 – Ending Fund Balance:** The following table reflects the projected ending fund balance for 2020-21. This amount will change after the fiscal year end closing is completed and the actual 2019-20 revenue and expenditures are finalized. Due to COVID-19 the 9% has been utilized until expenditure reductions are implemented.

The creation of the Education Protection Account (EPA) by Proposition 30, *The Schools and Local Public Safety Protection Act of 2012*, temporarily increased the state's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers through 2016. Proposition 55, approved by voters in November 2016, takes effect January 2018 and continues the personal income tax rates on upper-income earners through December 2030.

EPA funds are not additional revenue, they are an offset to the LCFF revenue. EPA revenue was received starting in fiscal year 2012-13 and will continue through 2030. A Board approved spending plan is required so the expenditures can be appropriately applied before the end of the fiscal year.

EPA Requirements:

- Spending plan must be approved by the governing board during a public meeting.
- Funds cannot be used for salaries or benefits of administrators or any other administrative costs.
- A financial report must be published on the District website at fiscal year-end.
- District annual financial audit must include verification that EPA funds were used as specified by Proposition 30 and/or Proposition 55.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
 (Functions 7200-7700, goals 0000 and 9000) 1,276,720.00
- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit. _____

B. Salaries and Benefits - All Other Activities

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
 (Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 26,069,702.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.90%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
 Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>2,451,010.17</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>(79,341.25)</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.54%) times Part III, Line B19); zero if negative	<u>284,866.18</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.54%) times Part III, Line B19) or (the highest rate used to recover costs from any program (6.76%) times Part III, Line B19); zero if positive	<u>0.00</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>284,866.18</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
<p>Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.</p>	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>284,866.18</u>

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.
