Recommended Action	Staff recommends that the Board approve the Annual Developer Fee Financial Report for fiscal year 2021-2022.

The Annual Developer Fee Financial Report for Fiscal Year 2021-22 provides an annual accounting of school facilities fees collected by the Orinda Union School District during fiscal year 2021-22. Additionally the report includes the prior four years as required by Government Code Sections 66001 and 66006.

The District collects development fees from the owners of residential, commercial, and industrial development projects to mitigate the costs of providing interim and permanent school facilities to students generated from such development projects. Development fees are collected by the district pursuant to Education Code Section 17620 and Government Code Section 65995, referred to herein as Statutory School Fees. Currently, these fees are \$4.08 per square foot of residential development and \$0.66 per square foot of commercial and/or industrial development. Since 2012, all developer fees collected are divided between the Orinda Union School District and the Acalanes Union High School District. OUSD receives 70% and AUHSD receives 30% of the fees.

The attached report provides details of the amount of fees collected, interest earned, and expenditures incurred.
