# **School District Integrated Pest Management Plan**

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan.

An IPM plan is required if a school district uses pesticides<sup>1</sup>

Orinda Union School District	8 Altarinda Road	Altarinda Road, Orinda CA 94563				
School District Name	Address					
Stuart Watson	(925) 258-6203	swatson@orinda.k12.ca.us				
District IPM Coordinator	IPM Coordinator's Phone Number Email Address					
IPM statement						
It is the goal of Orinda Union School Distric		by focusing on long-term prevention or suppression of pests				
habitat less conducive to pests using sanita	tion and mechanical and physi	nce, by applying appropriate action levels, and by making the ical controls. Pesticides that are effective will be used in a d only after other options have been shown ineffective.				
Our pest management objectives are to: (Ex-	ample: Focus on long-term pest preven	ntion)				
Focus on long-term pest prevent	tion. Continue to keep	facilities clean so the use of any pesticide is as minimally and when staff and students are not				
IPM team In addition to the IPM Coordinator, other ind complying with the Healthy Schools Act requirements		urchasing, making IPM decisions, applying pesticides, and				
Name and/or Title	Role in IPM progra	am

Specific information about monitoring and ir (Example: Sticky monitoring boards are placed in the kitt						
Work orders are submitted follow	ving a pest inspection of	or identification of pests. These include sed. When used, sticky traps are monitored				

## Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Ants			Ø			<b>2</b>		
Mice								
Gophers								Out sourced
Birds				V				
Spiders								Clean cobwebs
Weeds								

## Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

The Orinda Union School District only uses herbicides where citrus based herbicides such as Avenger Weed Killer containing orange oil prove to be ineffective. Round-Up herbicide is no longer used by the Orinda Union School District staff effective June 27, 2016

## **Healthy Schools Act**

This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

#### Training

Every year school district employees who make pesticide applications receive the following training prior to pesticide use:

- Pesticide specific safety training (Title 3 California Code of Regulations 6724)
- School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

### Submittal of pesticide use reports

Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711)

# Notification

This school district has made this IPM plan publicly available by the following methods (check at least one):

- This IPM plan can be found online at the following web address: www.orindaschools.org
- This IPM plan is sent out to all parents, guardians and staff annually.

#### Review

This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct. November, 2024

Date of next review:

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.

Date: 11/08/2023 Signature:

These pesticides are exempt from all Healthy Schools Act requirements, except the training requirement: 1) products used in self-contained balts or traps, 2) gels or pastes used as crack and crevice treatments, 3) antimicrobials, and 4) pesticides exempt from U.S. EPA registration. (Education Code Section 17610.5)
